B. The method used to collect cost sharing charges for categorically needy individuals:

 X Providers are responsible for collecting the cost sharing charges from individuals.

 The agency reimburses providers the full Medicaid rate for services and collects the cost sharing charges from individuals.

C. Any individuals whose total gross income, before exclusions or deductions, is above the Temporary Assistance to Needy Families standard payment allowance is determined to have the ability to pay for cost sharing measures.

Cost sharing eligible clients who present at an emergency department for a non-emergency service will be charged a copayment. If the presenting client indicates to the emergency department that he/she is unable to pay a copayment at that time, the provider shall not charge the copayment and shall provide the services.
